THE I. & I. ASSOCIATION.

Wants Electric Lights, Electric Power and Street Railway System.

At the called meeting of the Industrial and Immigration Association held in the Knights of Pythias hall on yesterday afternoon, the question of making a new contract for lighting the city and for securing an electric street car line was fully discussed.

Messrs. E. P. Wharton, Charles D. McIver, R. W. Brooks, C. G. Wright, S. H. Boyd, and D. W. C. Benbow were appointed a committee to prepare for publication in the afternoon papers and for presentation to the board of aldermen in their special meeting tonight, resolutions or a petition in accordance with the unanimous sentiment expressed at the meeting. The committee and other friends of the movement will present the following statement and petition to the board of aldermen tonight:

"The Industrial and Immigration Association, believing that the best interests of Greensboro demand an electric street car system, electric power for manufacturing, and a more complete system of electric lights, furnishing not only arc lights for the streets, but also incandescent lights for residences, stores, and offices, and knowing that our present lighting contract expires January 1, 1899, and learning further that the board of aldermen is considering the matter of closing at an early date a new contract for lighting the streets, desires to urge your honorable body not to enter into any contract with any party or parties until every possible effort shall have been made to secure an electric system that shall furnish to our city:

1. Street lights.
2. Incandescent lights for stores, offices and residences.
3. Convenient electric power for small manufacturing enterprises.
4. A street car system.

HOTEL NORMANDIE BURNED.

Danville Visited By a Serious Conflagration.

ORIGIN OF THE FIRE A MYSTERY

A Hitch in Getting a Stream on The Blaze—Some of The Losses And The Insurance.

From this morning's Danville Register we take the following:

The Hotel Normandie is a total wreck. A fire last night, beginning in one of the inner rooms of the third story, played havoc with the two upper stories and the flames and water did the work for the ground floor.

Besides the losses sustained by the managers of the hotel and the owners of the building, the merchants doing business on the ground floor are seriously damaged.

At three minutes after 11 o'clock, an alarm turned in from box 17, corner Main and Union streets, which was soon followed by a general alarm, brought out the fire department in full force.

The fire started, how nobody knows, in No. 54, one of the inside rooms of the third story of the Hotel Normandie and the dense smoke was soon suffocating. It was difficult to find the fire and no one thought to look for it in No. 54, it being an unused room. However, the blaze was located there, those who first entered, finding a washstand on fire and a blaze making its way under the plastering within the walls.

Several guests and many other persons from the street rushed up the steps and all the water obtainable was thrown on the blaze. Evidently it was thought the fire was out, and some one bellowed out to the firemen, who had arrived in good time, not to turn on the hose. Here some confusion was caused and many blame the fire department for not acting more promptly.

POOR FIRE FIGHTING.

The construction of the building was such and the seat of the fire so unfortunately located as to make it difficult under the best and coolest of management for the department to make a good start. Who was at fault for the delay or who was to blame for the confusion and for the contradictory orders that reached the men at the hose, at the plugs and on the Hayes truck, The Register is not prepared to say, but simple fact seems to be that there was bad management somewhere, the firemen got rattled, and to these facts and an accident to the engine stationed at the corner of Main and Union street is due the delay in getting a sufficient stream in time to prevent the flames from getting a destructive headway.

The flames being within the walls and under the flat roof of a building so constructed as to be hard to get into with hose were hard to fight at best, and then just as the work was well under way and the fire was bursting through the roof, a valve of the steam engine burst, making the engine useless for at least ten minutes. The streams from the plugs did not reach to the top of the building where the fiercest flames were, and at this time the fire got its best headway, the flames bursting at will through the roof and out of the upper windows of the building. When the engine was again made ready for use the st eam from its hose did good enough work, but by this time Hotel Normandie was doomed and no amount of fire fighting could save it.

GREAT EXCITEMENT.

As might well be imagined, there was great confusion and excitement among the guests and occupants of the hotel, they running pell mell from the burning building, carrying with them such of their valuables as they could. Quite a lot of furniture was taken to the street and to nearby yards. One lady fainted and had to be taken by strong men from the house and all the others were in a state of great excitement.

At one time the Lawson building, occupied by Mrs. L. G. New, immediately joining the Normandie, was considered to be in great danger, and the occupants proceeded to move out furniture, etc., which suffered considerable damage thereby. It was thought once that the postoffice and United States courthouse building would suffer some damage, but the fire was kept in the walls of the hotel building, and there being no breeze at the time, 12:30, all danger of a spread of the flames was passed.

The roof of the Normandie, the third and second floors were burned, and the ground floor was not only scorched, but flooded with water.

At 3 o'clock this morning the fire was still burning among the remaining timbers and the department was still throwing water upon it.

LOSSES AND INSURANCE.

An accurate list of losses and insurance could not be obtained this morning.

The building and hotel furnitnre was owned by Frank X. Burton, John L Penn, and the Planters' National bank, who carried $12,000 insurance.

E. H. and R. S. Ellyson, proprietors, loss on furniture, etc., $1,000. No insurance.

Several of the regular boarders owned the furniture in their rooms and lost it all, but the value and insurance could not be obtained.

The two stores and the barroom on first floor suffered from fire and water and are almost a total loss. No definite estimate of the same could be obtained this morning.

W. W. Watkins, grocer, carried a stock of about $2,000; insured for $1,800.

M. Francisco, confectioner, carried a large stock, value unknown, fully insured.

M. H. Hatcher, barroom and billiard hall, value unknown, partly insured.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU, HIGH POINT, N. C., Sept. 16, '98.

We learn that the town authorities have given one of our best business men permission to plant a hitching post on Main street where they just had one taken up. Of course we cannot blame our friend for asking this privilege if he thought it would be granted him, but we wonder why our town authorities would pass a law and not enforce it. Why not repeal it and let our friends put up new posts and paint them red, or why not force them to use hitching blocks, which are under no circumstances half the nuisance as a post? With a block they seldom hitch twice in the same place, and horses never paw a hole around a block like they do around a post.

J. C. Welch has just thrashed out his wheat crop. Out of his 50 acre field he yielded 1139 bushels of the best grade of wheat. Who can beat that in this section?

The Southern railway has been leveling up the walk near the depot with new gravel.

The breakfast train did not recognize us this morning. She was behind time.

Geo. H. Morehead returned last night from Chicago where he was suddenly called last Friday to the bed side of John M. Merrymon, who died on Sunday. The deceased was 73 years of age, was the father of Mrs. Clark and Mrs. Morehead, who are so kindly remembered here by a wide circle of friends. Mr. Morehead resided in High Point for several months and had many friends here who extend their sympathy to the bereaved family.

John Pleasant, of Asheville, is spending a few days with his sister, Mrs. O. N. Richardson.

Rev. T. L. Troy, of Durham, and Dr. J. M. Long, of Salisbury, were at Jarrell's last night. They went to Randleman this morning.

Dr. D. Reid Parker, of Trinity, passed through this morning, returning from the eastern part of the state, where he has been in the interest of the Farmers' Alliance.

Mrs. D. A. Stanton went to Randleman this morning to visit friends and relatives.

Madrid, Sept. 16—General Toral, who surrendered the Spanish army at Santiago to the Americans, arrived on the Vigo from Santiago this morning. A great crowd awaited his arrival and greeted him with a storm of hisses and abuse. THE IMPRESSION GROWING

That America Will Control The Philippines.

AMERICAN PEOPLE DEMAND IT

And With Conditions Such as These, There is no Alternative—Commission Preparing to Leave.

By Wire to THE TELEGRAM.

Washington, Sept. 16—The impression seems to be growing that when the terms of peace with Spain are finally concluded, they will include a provision for the practical ownership and certain control of the Philippines by America, although nothing official can be learned further than the statement made by Judge Day last night.

A member of the administration said, regarding the control of the Philippines: "There is no escape from it. The American people demand it, and with conditions such as these there is no alternative."

Senator Frye said that the idea of holding all land secured by conquest is growing.

It is believed that the instructions to commissioners are not hard and fast except as to the general policy to be pursued, and that they have discretion to deal with any unexpected developments as they may occur. General Merritt will meet them in Paris, and it is expected that he will give the commission much information which will largely determine their action.

Chairman Day and Senators Davis and Frye will go to New York this afternoon and there join Gray and Reid.

A FEARFUL GALE.

A Captain Believes that Many Vessels Foundered.

By Wire to THE TELEGRAM.

Philadelphia, Sept. 16.—The hurricane which recently swept the Windward Islands was encountered Sunday by the Norwegian steamship Avana, which has arrived here. Capt. Frosted said the storm lasted for twelve hours, after which there was a short calm, and the storm raged again for the same length of time. The captain believes that many vessels which were unable to live in the heavy sea foundered, never to be heard from.

BOLTING POPULISTS.

A Great Day at Goldston—Three Thousand People.

Special to THE TELEGRAM.

Goldston, Sept. 16.—This is a great day for white supremacy in Chatham. There are people here from Moore, Harnett and Randolph.

Hon. Lee S. Overman has just made an eloquent, masterful and telling speech, followed by a few impromptu remarks by Mr. W. W. Edwards, a former populist, who has returned to the democratic fold. He was heartily cheered. Hon. A. L. Brooks and H. A. London are yet to speak. This is sent while the immense crowd of at least three thousand people are taking dinner, prepared in the shape of a bountiful barbecue.

On yesterday the populists held their convention in this county and when the proposition to fuse with the republicans was carried about one-third of the convention, headed by Hon. John W. Atwater, walked out, claiming they would have no part or lot with them. It is not known whether they will put out another ticket or support the democrats.

Thompson's Hulabaloo.

Dr. Thompson would have us believe in his speech that his predecessor either did not sell Supreme court reports or did not turn into the state treasury the amounts. Mr. Cook shows that in the fifteen months and eleven days he was in office, he sold Supreme court reports amounting to $4,434, which the treasurer's books show. Dr. Thompson's accounts show only $4,396.48 for nineteen months and nineteen days from the same source.

STEET CARS AGAIN.

It will be remembered that the Telegram has repeatedly urged the growing necessity for street cars for this city. The city is now, and has been, experiencing a growth almost unparalleled in North Carolina city building. It has grown out of and away from its former self; and what was entirely adequate and sufficient for its needs and requirements a half dozen yeas ago no longer fills the bill.

It is clearly obvious to every thinking citizen that Greensboro is struggling to be a city—a city in the fullest and broadest sense of the term. It must, therefore, be stripped of its swaddling clothes. It must be given a fair chance to grow. It has reached the point where a larger proportion of solid food is necessary for a healthful and substantial growth.

Realizing this the Industrial and Immigration Association met yesterday afternoon and discussed matters pertaining to its welfare. A committee, composed of Messrs. E. P. Wharton, S. H. Boyd, R.W. Brooks, C. G. Wright, Dr. C. D. McIver and Dr. D. W. C. Benbow, was appointed to draft resolutions to be published in the city papers today and presented to the board of city aldermen at their meeting tonight, looking to securing an electric plant which will furnish power for street cars, for manufacturing purposes and for not only arc lights for streets, but incandescent lights for stores, offices and dwellings. The resolutions appear elsewhere in this paper.

We heartily endorse and commend the action of the Industrial and Immigration Association in this matter. It is one which at once appeals to every citizen who desires to see Greensboro occupy her destined place among the progressive, thrifty cities of the south

Let every man who is interested in this important matter attend the meeting of the board of aldermen tonight and lend his influence to that of the Industrial and Immigration Association in securing facilities along these prescribed lines commensurate with the growth and development of the city.

The Home Rule (re-pop-lican) has five columns of stuff this week with a big, bold headline, "Dr. Thompson at Clinton." Why is it, that in this hustling day when newspapers are expected to print news while it is news, the Home Rule didn't tell its readers about Dr. Thompson at Concord?

AS IT APPEARS.

The democratic papers are laboring to make it appear that the republicans influenced the defeat of W. F. Stroud and the nomination of J. J. Jenkins, for congress in the 4th district. This should be regarded by every populist who composed that convention as an insult to their intelligence. From the personel of this convention it would have been useless for governor, senator, collectors, marshalls or any other dignitaries to have tried to change them from the way they had their minds made up. These men came fresh from the people. They knew what their people wanted and they were determined to represent them.—Home Rule (republican.)

The question is pertinent, then, why did they not at once proceed to nominate Sheriff Jenkins on the first ballot? Why did the Chatham delegation vote almost solidly for Mr. Stroud until the eleventh ballot? Was it done as an act of humiliation to Mr. Stroud, who has been, at least, true to the principles of the populist party? If the delegates knew what the people wanted, and were determined to "represent" them, why was all that voting for Tomlinson, English, Wilson, Ayer and others indulged in, and why was the "people's choice" brought in as a dark horse?

There will be no answer to these questions; but there are many who will not be fooled by the trickery of the republican wing of the populist party in turning down a man who had refused to sneeze every time Pritchard, Ayer or Thompson took snuff.

MAIN STREET SHOOTING AFFAIR.

Ed. Rush, a Journeyman Tailor, Shoots David Jones.

About two o'clock yesterday afternoon a shooting affair on Main street, opposite Hotel Normandie, caused no little excitement. Edward Rush, a journeyman tailor, well known in the city, shot and seriously, if not mortally wounded, David Jones, of the firm of D. Jones & Co., merchant tailors.

Rush was in front of Hotel Normandie, where he boarded. Jones, with his partner, Mr. Ludhoff, were on the opposite side of the street, and seeing them Rush crossed over, and with a 32-calibre pistol fired at close range.

Jones was shot in the mouth, the ball tearing away the upper lip, two upper teeth, a part of the tongue and lodging in the throat or neck. Jones was taken to the office of Dr. J. S. Irvin and thence to his home on Ridge street.

The ball has not yet been extracted, and Mr. Jones' condition is considered very critical.

The cause of the difficulty dates back several years when, it is alleged, Rush had a difficulty with Jones in Lynchburg, assaulting him, for which he was fined in the courts of that city.

Rush was taken to jail where his counsel had an interview with him. Acting upon the advice of counsel he was very reticent and declined to have anything to say about the affair.—Danville Register.

Captain Evans Leaves the Iowa.

Washington, Sept. 15.—Capt. Robley D. Evans called at the Navy Department to-day and had a long talk with Secretary Long, the immediate result of which was the issue of an order relieving him of the command of the battleship Iowa, which is now being repaired at the New York navy yard. This was done at Captain Evan's request. He has served more than the period of time required by regulations and practice for a captain to command, and his next sea service may be in flag rank. Secretary Long this afternoon decided to assign Captain Evans to duty as a member of the naval inspection board and he will assume his new duties after a brief vacation.

The next commander of the Iowa will be Captain Silas Terry, now in command of the receiving ship Franklin, at the Norfolk navy yard.

President Gives a Dinner.

Washington, Sept. 15—President McKinley gave a dinner at the White House tonight to the members of the Spanish-American peace commission, who are now in the city. Invited to meet them were the members of the cabinet now here, and a few other officials, most of whom at various times have been called in consullation about questions relating to the war. While the dinner was intended as a social courtesy to the departing commissioners, it gave an opportunity for a more or less informal diseussion of the work to be undertaken by them.

Only One Issue, Says Bradshaw.

A gentleman whose veracity cannot be questioned, tells the Winston Sentinel that G. S. Bradshaw, who was nominated by the republicans last Saturday in Guilford county for the legislature, stated in Asheboro on the 8th inst. that "there is only one issue in this campaign and that is the white man and the negro and that there is but one side to this question."

A CRITICAL TIME

During the Battle of Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba were all Heroes. Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23rd, says; "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., of Des Moines, Iowa. For sale by C. E. Holton.

More than twenty million free samples of DeWitt's Witch Hazel Salve have been distributed by the manufacturers. What better proof of their confidence in it's merits do you want? It cures piles, burns, scalds, sores, in the shortest space of time. Howard Gardner.

GEN. WHEELER IS RICH.

He Went to the War Because He Courted a Soldier's Death.

Camp J. B. Gordon, Brunswick, Ga., Sept. 10, '98.

Your information regarding the financial straits of General Wheeler is incorrect, and this correction is based on a statement made by ex-Senator Blackburn, of Kentucky, to General Pennington and myself in the latter's office, Atlanta, Ga., two weeks ago, in the course of conversation. Senator Blackburn is authority and said that General Wheeler is easily worth $250,000. Much of this came by marriage. Prior to the Santiago campaign the ex-Senator and General Wheeler were discussing the war, past, present, future. General Wheeler is a physical wreck and an unhappy dyspeptic. He referred to his condition and hoped he would pass out by the aid of a Spanish bullet, declaring he courted a soldier's death in battle. He referred to his age; that his children were all grown; that he had accomplished all possible in this life, and his accumulations would leave his family comfortable.—A. D. Cowles in Statesville Landmark.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. 'Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman. Trial bottles free at C. E. Holton's drug rtore. Regular size 50c and $1. Guaranteed or price refunded.

THE NATIONAL FETE.

Stands First in the Catalogue of Church Entertainments.

The Banner warehouse has looked beautiful before in its long rows of yellow tobacco, but it is safe to say that last night it looked more beautiful than ever before. Chinese lanterns in front, incandescent globes within, hundreds of yards of bunting draping the walls and hanging in fluttering folds from the roof, while tables loaded with all the delicacies of Lucullan feasts sang wooing songs to expectant appetites—this was the scene which greeted thousands of eyes last night at the mart of the fragrant weed.

It was West Market's night. The ladies of this church, with a view of pouring some shekels into the treasury, gave an entertainment which stands first in the catalogue of church entertainments in the City of Flowers.

The drill of the many little girls, robed in the national colors and each carrying Old Glory in miniature, was simply fine. The graceful and perfect evolutions of the patriotic little Amazons reflected credit, not only upon them, but upon Mrs. Joseph J. Stone and Miss Hattie Eldridge, who had trained them.

A well organized choir rendered the national songs, which are becoming so dear to the American people.

Frank C. Boyles, as Uncle Sam, was the centre of attraction for the little folks, with Miss Hattie Watlington as Columbia, a close second. Both were admirably suited for the parts they assumed.

But the tables! These were the glory of the occasion, especially to those whose appetites speak while the aesthetics sing.

It was a most successful evening for West Market church.

The proceeds taken in during the evening amounted to $100.

MRS. ELLEN JONES DEAD.

Mother of B. E. Jones, of this City, Died Today at Mooresville.

Mr. B. E. Jones received a telegram this morning informing him of the death of his mother, Mrs. Ellen Jones, who died at her home in Mooresville, this morning at 9 o'clock. Mrs. Jones has been critically ill for about a week and her death was not unexpected. Mr. Jones went to Mooresville last Sunday to see her and returned yesterday, leaving her in an improved condition.

Mrs. Jones was the mother of nine children, eight of whom survive her. One, Rev. J. H. Jones, is presiding elder of the Morganton district. Mr. B. E. Jones will leave to-night for Mooresville to be present at the funeral, which will be conducted to-morrow.

Card of Thanks.

The ladies of West Market Street Aid Society wish to express their sincere gratitude for the liberal patronage accorded them last evening at the National Fete by a large body of our citizens. They would especially express their appreciation of the kindness of the proprietors of the Banner Warehouse for the use of their spacious building; of that of Judge Schenck and others who kindly lent decorations. Thanks are also due to Mr. Wishart for his liberal donation of ice; to Mr. Marks for lighting the building, and to all who in any way contributed to the success of the occasion.

Many thanks to the Telegram for numerous advertising favors.
